

Bruce Dunn
Nippon Sheet Glass Professor of Materials Science and Engineering
University of California, Los Angeles

Bruce Dunn is the Nippon Sheet Glass Professor of Materials Science and Engineering at UCLA. He was a staff scientist at the General Electric Corporate Research and Development Center before joining UCLA. His research interests concern the synthesis of inorganic materials and characterization of their electrical, optical, biological and electrochemical properties. He has published some 250 papers in scientific and technical journals and has been awarded 13 patents. Among the honors he has received are a Fulbright research fellowship, invited professorships at the University of Paris, the University of Bordeaux, the University of Picardie (Jules Verne) and the Nanyang Technological University (Singapore) and two awards from DOE for his research in materials science. He is a Fellow of the American Ceramic Society, an Associate Editor for the *Journal of the American Ceramic Society* and currently serves on the editorial boards of *Solid State Ionics* and *Materials Science and Engineering*.
